

Annihilate

Super Concentrated Disinfectant

**Safe - Fast Acting; Cleans and disinfects in one easy operation.
DEFRA Approved. Stops Infection and Cross Infection
Effective Against Foot & Mouth & Avian Flu**

Multi Purpose, Non-Corrosive, Non-Toxic, Annihilate

An aqueous blend of iodine and non-ionic surfactants. **Annihilate** is a fast acting, biodegradable, non-persistent, non-corrosive, non-toxic, dual purpose disinfectant / cleaner. Safe for disinfecting all surfaces and vehicles. Use to disinfect decontamination mats. Also used as a total disinfectant for lairages and quarantine areas. Safe for use within the food, livestock and brewing industries together with the transporting of livestock and poultry.

Highly Effective, Safe, Non Fuming Disinfectant

Unlike other disinfectants **Annihilate**, besides being totally effective is easy to use, does not present emit toxic fumes when used as a spray and is safe to use with animals present during disinfecting process.

Colour Indicator

Annihilate contains a natural colour indicator. In solution the colour is gold. Once the disinfection power has been exhausted the solution loses this colour. Re-new solution. However **Annihilate** is stable when mixed into solution and can be mixed in advance and stored.

Safe on Materials

Safe for use on all painted surfaces, rubber, synthetics, metals including stainless steel. Use on all hard surfaces that require disinfecting as well as foot baths, boot washes and for disinfecting vehicles. Use manually, as a soak, or through sprayers.

Totally Effective Against a Broad Spectrum of Viruses, Yeast Moulds and Bacteria

Including; Foot & Mouth Disease (FMD) Avian Flu A (H5N1) Influenza virus type A, Asian influenza, Staphylococcus sp, Escherichia sp, Lactobacillus sp, Pseudomonas sp, Corynebacterium diphtherias, Streptococcus pneumonia, Neisseria gonorrhoea, Legionella, Salmonella typhosa, Serratia marcescens, Proteus vulgaris, Mycobacterium tuberculosis, Spiro plasma sp, Clostridium sp, Trichophyton gypseum, Microsporium audouinii, Cryptococcus neoformans, blastomyces dermatitis, Coccidioides immitis, Histoplasma capsulatum, Penicillium tardum, Poliovirus type 1, Coxsackie B-1, ECHO 6, Adenovirus type 2, HIV, Hepatitis B, Vaccinia and Herpes simplex, Weil's disease.

Instructions & Dilutions: Make up solution 1:50 with water: Spray or Mop Surfaces - No need to rinse

For Disinfecting of Vehicles Interior / Exterior

Spray over surfaces to be disinfected. **Annihilate** removes soiling whilst disinfecting.

Hard Surfaces including Walls and Floors

Mop, spray surfaces to disinfect. Wipe or mop over all hard surfaces to disinfect. No need to rinse unless removing gross soiling. Spray / soak decontamination mats.

Decon Mats Pour solution onto decontamination mats until saturated. Renew as necessary.

Boot Washes Make up solution 1:50 and re-new daily or before if golden colour becomes exhausted.
