

Power Foam Plus ACR

Heavy Duty Detergent/Disinfectant

**Heavy duty, foaming detergent / disinfectant by animal care establishments
As a stand alone disinfectant cleaner or 1st stage deep cleaning
before using Hydra's ANNIHILATE ACR Total Disinfectant**

Superior Cleaning Power

Highly concentrated detergent with exceptional cleaning powers. Contains powerful, fast acting detergents to emulsify even the most highest levels of soiling. Unique surfactants hold the grains of dirt in suspension, enabling easy, streak free rinsing without leaving smears or scum. Tackles the most difficult job with ease.

Multi-purpose

Excellent cleaner for all hard surfaces throughout animal care establishments. Dilute 1:100 with water. Use either by hand, through pressure and steam cleaners with jet or foaming lances, in hot or cold conditions. Superb cleaner for all walls, floors, fittings, glass, etc.

Safe & Non-Toxic

You can use **Hydra Power Foam Plus ACR** confidently knowing that, being absolutely non-toxic and using organic ingredients. It will not cause damage or upset the respiratory tracts at any stage during or after use and, as with all the products in the Hydra range and does not contain Glutaraldehyde, Phenols or Bleach which can prove to be harmful especially to the newborn and young.

Deodorises in Seconds

Complex bactericidal action acts rapidly to kill the growth of micro-organisms which produce the sulphide which can cause bad odours.

Kills Harmful Protozoans, Micro-Organisms, Viruses, Bacteria and Moulds

Including: Giardia Lamblia, Salmonella, Staphylococcus Aureus, Streptococcus Spp, Pseudomonas Aeruginosa, Escherichia Coli, Mycobacterium Tuberculosis, Shingella Sonnei, Ringworm, Kennel Cough, Parvo Virus and Distemper. Use in all areas where animals or birds are caged, kennelled, transported, exercised, groomed and treated, including quarantine areas and within veterinary surgeries.

N.B. For terminal sanitising i.e. pathogens, use **Hydra Annihilate ACR**.

How To Use

Surface Cleaning

1:100 w/w heavy duty or 1:200 w/w medium soiling.

Foam, mop, scrub or spray diluted solution onto the surface to be cleaned / disinfected.

Allow to penetrate for a few minutes. Rinse off with clean water.

Soak Cleaning of Equipment

Use as a soak operation at 1:100 with water.

Agitate if necessary. Drain down and rinse well.
